- 31. Photography competition and/or exhibition:** invite neighbours to take photos of the things they love about their street. Exhibit the photos in the street and ask a local elected member or other person of interest to judge. Request a donated prize from a local business and host a celebration for the photography competition.
- 32. Stargazing night:** get all of the children out into the street or front yards to do stargazing. This will work best if the house lights are off to reduce light pollution. If any of the residents own binoculars or a telescope, bring them out. You can find out when interesting things are happening in our night sky from the Perth Observatory.
- 33. Culture nights:** if there are people living in your street from diverse backgrounds, suggest hosting culture nights where you celebrate someone's culture. Have a meal, play music and maybe have a performance from their culture. Do this throughout the year for each culture represented on your street. Don't forget to celebrate your own culture as well.

Please note that wheelie bins are the property of the City and it is an offence to permanently mark or damage your bin. Why not use this activity to encourage recycling and responsible waste practices within your street? Contact the City's Waste Minimisation Officer for advice on **9439 0200**.
- 45. Selfie booth:** set up a marquee with simple props and invite neighbours to come and use the 'selfie booth'. Ask them to share the photos on the street's social media pages.
- 46. Birthday party for your street:** have a birthday party for your street. It does not have to be a true date, just choose a date and each year that date becomes your street's birthday. Celebrate with a children's style birthday party in the street, in a park or on the front lawn. Invite all of the households on the street. In place of a present, everyone brings a plate of food to share. Go all out and decorate and have party games etc.
