

As a long-time resident of the City of Kwinana, I have lived in Parmelia, Wellard and Bertram. I've had meals in Medina, Kwinana, Wellard and Bertram. I've had a beer in many different community clubs across the entire city. My doctor is in Leda, my chiro in Kwinana, and my physio is in Calista. My point being KWINANA is my home!

I have been married for 30 years with 4 children who all grew up in this wonderful community. I am a life member of the Kwinana Junior Knights Football Club where I've held various roles including president. Currently I am the president at the Kwinana Districts Football Club. I am seeking your vote because I want to give back to the community that has given so much to me and my family.

One of my proudest achievements during my time involved with football would be bringing a women's team to Kwinana. I was asked to write the business case and led the recruiting drive that formed our first women's team. The team has just finished their fifth year and have played finals each year.

My professional life has seen me go from the US Navy to many different management roles across the aviation and cleaning industries. I have owned three successful businesses, the latest of which was sold only a year ago. Currently I am the State Operations Manager for a commercial cleaning franchise company, a position that is very rewarding in helping families achieve their financial dreams. I believe that my vast professional experience will give me a unique perspective that will help me confront the issues that the city faces.

Safety in the community, and sustainable developments are key issues facing all of us. The cost of living has hit all of us hard, therefore I will advocate for keeping rates as low as possible. If elected my only promise is that I will be accountable to the rate payers of Kwinana. I will do the work required to be informed on the issues that affect us, so I can make the best decisions possible. I will be a strong voice for ALL of Kwinana.
