I have a long history in Kwinana as a local government employee, active community member and passionate leader. I am a champion for local businesses and community-led organisations.

As Mayor, I will bring a vision for Kwinana where the diverse perspectives of the community are heard, acknowledged and considered in council decision-making.

I believe young people in Kwinana deserve access to the best possible education and opportunities. As a youth worker in Kwinana in my early 20's, I saw young people experience the joy of being creative and working together to achieve a common goal. I also witnessed that without tangible economic and social opportunities, the options available to them would continue to be limited.

This led me to develop my deep commitment to community driven economic development. As Mayor I will be a strong advocate for the region and uphold the values and aspirations of this community.
