With the cost of living the number one issue in the community it is troubling that once again the rates have been increased well above inflation. I am running for council because I believe that rates should be kept in line with inflation, so residents are not overburdened by excessive rising costs.

If elected, I will foster collaboration and proactive discussion among councillors and the administration to develop a policy that limits rate hikes to CPI or the Local Government Cost Index and ensure it is integrated into the Long Term Financial Plan.

My voting will be guided by the motions budget impact with the aim of achieving the most efficient outcomes.

Earlier in my career I spent 6 years in Local Government, starting as a Rates Officer before progressing to Finance Manager and on occasions Acting CEO. This experience provides me with the knowledge to implement my plan for an efficient and financially sustainable Local Government we can all be proud of.
