WINMAR, Barry

As a long-term resident of Kwinana, in beautiful Calista, I understand the key issues within our community. We are rich in culture and very diverse, which requires a council that reflects this. I want to provide a voice that is experienced, educated and inclusive.

Being the CEO of the Institute in Kwinana, we connect education and sport to encourage participation in schools. Previously a Police Officer and worked within the justice system, I know how important sport, education and family is to promote for our children's future.

My family and 4 children were raised in Kwinana. The importance of family, includes their health, safety, lifestyle and future. Here in Kwinana we can make it better together.

I will make a significant contribution as a voice for the people and put **Kwinana First**.
