1.0 Development Contribution Plan 14 – Wellard / Leda

The development contribution area (DCA) is show on the Town Planning Scheme No. 2 (TPS2) scheme map as DCA14. The area is replicated below for this document however should there be any discrepancies between the area shown below and the area of DCA14 shown on the scheme map, the scheme map shall prevail.

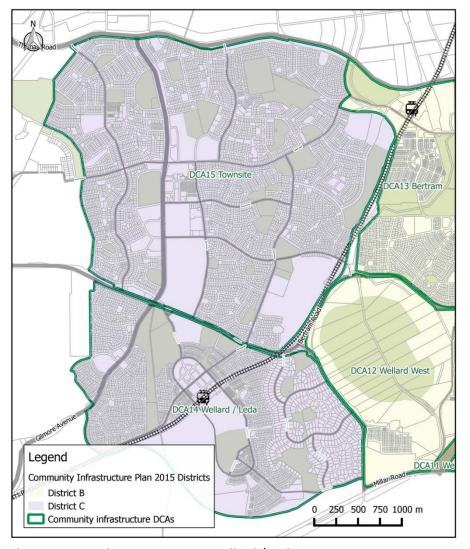

Figure 1: Development Contribution Area 14 - Wellard / Leda

2.0 Purpose

The purpose of this development contribution plan (DCP) report is to:

- a) Enable the applying of development contributions for the development of new, and the upgrade of existing infrastructure which is required as a result of increased demand generated in the development contribution area;
- b) Provide for the equitable sharing of the costs of infrastructure and administrative items between owners:
- c) Ensure that cost contributions are reasonably required as a result of the subdivision and development of land in the development contribution area; and

d) Coordinate the time provision of infrastructure.

This DCP report elaborates on the provisions of TPS2, Schedule 5 DCA14.

3.0 Relevant plans and documents

The document guiding the preparation of this DCP report is the City of Kwinana Community Infrastructure Plan 2011-2031 (2015 Revision). Refer to Appendix A for the plan.

4.0 Period of the Plan

This plan will operate until 2031, in accordance with TPS2, Schedule 5 DCA14.

5.0 Operation of Development Contribution Plan

This plan has been prepared in accordance with *State Planning Policy 3.6: Development Contributions for Infrastructure*. It will come into effect on the date of gazettal of Amendment 145 to TPS2.

This plan operates in accordance with the provisions of section 6.16.5 Development Contribution Areas of TPS2.

6.0 Application Requirements

Where a subdivision, strata subdivision or development application or an extension of land use is lodged which relates to land to which this plan applies, Council shall take the provisions of the plan into account in making a recommendation on or determining that application, in accordance with Part 6.16.5 of TPS2.

7.0 Compliance with the Principles underlying Development Contributions outlined in *SPP3.6: Development Contributions for Infrastructure*

7.1 Need and the nexus

The need for the community infrastructure detailed by this DCP report is demonstrated in the City of Kwinana Community Infrastructure Plan 2011-2031 (2015 Revision) (CIP). The CIP is based upon the City's Community Infrastructure Standards (Appendix 2 of the CIP) and applied to the projected development within the City. Only new development that contributes to the need for community infrastructure items are liable for development contributions.

7.2 Transparency

The following comments explain the City's approach to providing transparency for the community infrastructure development contribution plan.

- The CIP details the projected population which is based upon projections by id Consulting,
 Community Perspectives and current structure planning within the City.
- The CIP describes the required community infrastructure and for which DCA and/or District the infrastructure is required.

- The Capital Expenditure Plan (CEP) details the projected expenditure of the development contributions to deliver the community infrastructure.
- The cost contribution summary table in Section 10 of this DCP report shows what the development contribution will be spent towards.

7.3 Equity

The development contribution is calculated on the projected population growth and lot yield of the development areas within the City, based on the most current information. This information is reviewed regularly to ensure that each landowner's contribution is calculated on an equitable basis. The cost apportionment schedule is reviewed annually to ensure that the projected dwelling/lot yields remain up to dated and that the estimated costs of the community infrastructure are valid.

7.4 Certainty

The DCP, CIP and CEP clearly set out the items to which subdivision/development contributes towards. Contributions received will be held in a reserve account set up in accordance with the *Local Government Act 1995*. Funds from this account will only be expended on items relevant to the DCP.

The CEP indicates the delivery times for each of the items, thereby providing certainty that the items will be provided.

7.5 Efficiency

Development contributions reflect the whole of life capital cost, but exclude running costs.

7.6 Consistency

Development contributions for this DCA will be applied uniformly across the whole DCA area on a per dwelling basis.

7.7 Right of consultation and arbitration

This DCP report will be advertised for public comment as part of Amendment 145 to TPS2 thus ensuring that landowners and developers have the opportunity to comment.

The DCP provisions under TPS2 afford landowners the right to review a Cost Contribution and provide for resolution through arbitration.

7.8 Accountability

The costs for each infrastructure item are to be reviewed annually and the Cost Apportionment Schedule updated accordingly. All documents will be publically available on the City's website.

As per TPS2, a Statement of Accounts showing all revenue and expenditure for the DCP is to be prepared for each financial year and audited by the City's auditors. The audited statements will be publically available.

8.0 Items included in the plan

This section of the DCP report identifies the community infrastructure items to be funded by development contributions collected from landowners within DCA14.

8.1 Sub-Regional Facilities

- 8.1.1 Community Knowledge and Resource Centre (excluding leasable office space and café component)
- 8.1.2 Destination Park Calista
- 8.1.3 Wells Beach Foreshore Upgrade (Park and Boating facility)
- 8.1.4 Sub-Regional Sporting Ground (Thomas Oval / Kelly Park extension/upgrade)

8.2 District C Facilities

- 8.2.1 Community Knowledge and Resource Centre (excluding leasable office space and café component)
- 8.2.2 District Youth Centre
- 8.2.3 District Sporting Ground (Medina Oval extension/upgrade)

8.3 Local Facilities

- 8.3.1 Local Community Centre
- 8.3.2 Local Sporting Ground with Pavilion extension
- 8.3.3 Local Sporting Ground with Community Sports Facility Building A

8.4 Administration costs

Administrative costs included in the DCP area generally consist of:

- Land valuations and advice
- Architectural design and quantity surveyor expenses
- Administrative expenses
- Legal expenses
- Preparation of management tools

Administrative costs will be charged at a flat rate of 2% of the total infrastructure costs for the DCP.

9.0 Method of calculating contribution

The costs for the items listed above are calculated on a per dwelling/lot basis.

Local facilities are funded wholly by development within DCA14.

District facilities are funded by development within District C. District C comprises of DCA14 – Wellard/Leda and DCA15 – Town Centre (Medina, Calista, Orelia, Parmelia).

Sub-Regional facilities are funded by development within Districts A, B and C.

The City contributes towards facilities on behalf of dwellings that existed prior to gazettal of Amendment 115 to TPS2 on 19 June 2012 in recognition that the population of these dwellings also contribute to the demand for the community infrastructure. The City will contribute towards any

new facilities for dwelling that exist prior to gazettal of Amendment 145 to TPS2 for the same reason.

The Community Infrastructure Plan 2011-2031 (Revised 2015) contains further details regarding:

- Population growth and projections
- Community needs assessment; and
- Supply and demand analysis.

10.0 Development contribution

Development contributions will be apportioned on a per dwelling basis, as this best reflects the need for the infrastructure and is therefore regarded as the most equitable approach for this development area.

The following table presents a summary of the development contributions liable for development within DCA14:

DCA 14	We	llard/Leda					
Infrastructure Item	Cor	Total nfrastructure nstruction Cost per Item 2014	Total Expected Dwelling Yields 2031	Developer ntribution cost r infrastructure Item	Dwellir deve	nce of ng Yields - eloper butions	Cost per Dwelling
Local Sporting Ground with Pavilion Extension - Wellard / Leda	\$	270,000.00	4,183	\$ 74,164.48		1,149	\$ 64.55
Local Sporting Ground with Community Sports Facility Building A - Wellard / Leda	\$	734,000.00	4,183	\$ 201,617.50		1,149	\$ 175.47

Community Knowledge and Resource Centre (Regional)	\$	7,560,210.30	26,375	\$ 1,783,520.76		13,704	\$ 130.15
Sub Regional Sporting Ground (Thomas Oval/Kelly Park Extension/Upgrade)	\$	1,508,000.00	26,375	\$ 724,240.23		12,667	\$ 57.18
Administration	\$	2,502,126.97	26,375	\$ 2,224,447.82		24,133	\$ 92.17
							\$ 2,448.19

11.0 Priority and timing of infrastructure delivery

The Capital Expenditure Plan details the anticipated delivery times for the items listed in this DCP report. Refer to Appendix C.

12.0 Payment of contributions

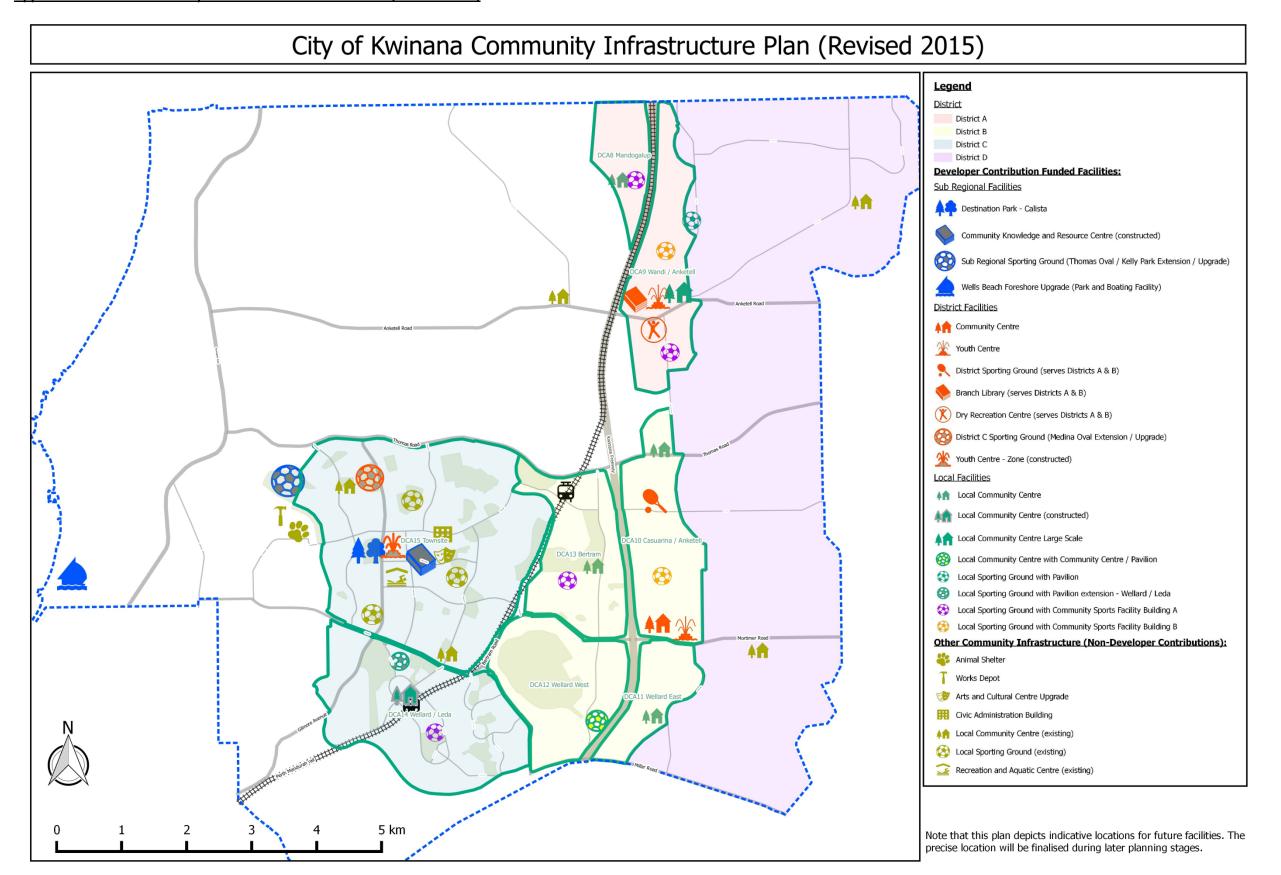

The landowners' liability for cost contributions will arise in accordance with clause 6.16.5.13 of TPS2.

13.0 Review

This plan will be reviewed five years from the date of gazettal of Amendment 145 to TPS2, or earlier should the City of Kwinana consider it appropriate having regard to the rate of development in the area and the degree of development potential still existing.

The estimated infrastructure costs as shown in the cost apportionment schedule will be reviewed at least annually to reflect changes in funding and revenue sources and indexed based on the Building Cost Index or other appropriate index as approved by the qualified person undertaking certification of costs.
