If an elector makes, and sends, to the returning officer a statement in writing setting out his full name, correct address and former address (if any) and stating that he has not received a ballot paper or that the ballot paper received by him has been lost or destroyed and that he has not already voted, the returning officer may issue to the elector a ballot paper, counterfoil and envelopes, or a further ballot paper, counterfoil and envelopes, as the case may require.

15. (1) Voting shall be by means of a preferential ballot and a person, having received a ballot paper and counterfoil and wishing to vote, shall record his vote on the ballot paper, in the manner following:—

- (a) Where only one candidate is to be elected and there are not more than two candidates, the elector shall mark his vote on the ballot paper by placing the numeral, "1", opposite the name of the candidate for whom he votes.
- (b) Where only one candidate is to be elected and there are more than two candidates, the elector shall mark his vote on the ballot paper by placing the numeral, "1", opposite the name of the candidate for whom he votes as his first preference, and he shall give contingent votes for all the remaining candidates by placing the numerals, "2", "3", and so on (as the case may require) opposite their names, so as to indicate by numerical sequence the order of his preference.
- (c) Where two candidates are to be elected, the elector shall mark his vote on the ballot paper by placing the numeral, "1", opposite the name of the candidate for whom he votes as his first preference and the numeral, "2", opposite the name of the candidate for whom he votes as his second preference, and he shall give contingent votes for all the remaining candidates by placing the numerals, "3", "4", and so on (as the case may require) opposite their names so as to indicate by numerical sequence the order of his preference.

(2) An elector having marked his ballot paper in the manner prescribed by subregulation (1) of this regulation, shall, thereupon—

- (a) enclose the ballot paper alone in the envelope marked "ballot paper" and fasten the envelope;
- (b) complete and sign the counterfoil in the presence of a witness who shall also sign it; and
- (c) return the ballot paper envelope, containing the ballot paper, together with the completed counterfoil to the returning officer, by post or otherwise, in the envelope addressed to the returning officer, so as to be received by him not later than the day and hour appointed by the notice of election for the closing of the poll at that election.

16. (1) The returning officer shall place, and keep, in a locked and sealed ballot box, all envelopes received by him purporting to contain ballot papers, until the close of the poll.

(2) An envelope containing a ballot paper received after the close of the poll shall not be admitted to the scrutiny.

(3) As soon as practicable after the hour fixed for the close of the poll, the returning officer shall, in the presence of a scrutineer, proceed with the scrutiny, count the votes received and ascertain and declare the result of the poll.

(4) Subject to these regulations, every election shall be conducted, and the candidate or candidates to be elected shall be ascertained, in accordance with the provisions of the law for the time being regulating elections for the Legislative Assembly of the State, as far as they can, with any necessary adaptations, be made applicable.

(5) Each candidate at an election is entitled to appoint, in writing, one scrutineer who may be present when the envelopes containing ballot papers relating to the election are being opened at the commencement of the scrutiny and who may remain during the scrutiny.

17. (1) Where two candidates are to be elected, the count of votes shall proceed as provided by subregulation (4) of regulation 16 of these regulations, until one candidate has received an absolute majority, whereupon he shall be declared elected.

(2) The first candidate elected pursuant to subregulation (1) of this regulation shall be eliminated from the count and, to proceed with the election of the second member, all the ballot papers shall be brought into operation and again sorted into first preference votes.

(3) The first preference votes of the eliminated successful candidate shall be distributed, according to the second preference markings shown thereon, to the remainder of the candidates, and when added to their respective first preference votes, shall constitute the first count for the second member.

(4) The procedure following the distribution provided by subregulation (3) of this regulation shall be similar to that obtaining for the election of the first member.

18. (1) Where the right of a person to vote is not established, or the counterfoil is not signed by the elector and by a witness, the returning officer shall replace the counterfoil and the envelope marked "ballot paper" in the envelope in which they were received and endorse the latter envelope, "rejected", and set aside for safe keeping together with any others that may have been rejected.

(2) A ballot paper is informal, if—

- (a) it does not bear the initials of the returning officer or a person authorised by him to initial ballot papers;
- (b) the voter has not marked it as prescribed by these regulations; or
- (c) it is not marked.

19. (1) At any time before the publication of the result of an election, as prescribed by these regulations, the returning officer may, on the written request of a candidate setting out the reasons for the request, or of his own motion, make a recount of the ballot papers.

(2) Where the returning officer refuses the request of a candidate to make a recount of ballot papers, the candidate may, prior to the publication of the result of the election, appeal in writing to the Minister to direct a recount and the Minister may allow or dismiss the appeal.

(3) Where the Minister allows an appeal under this regulation, he shall direct the returning officer to make a recount and the returning officer shall comply with that direction.

20. Where on any count two or more candidates receive an equal number of votes and one of them must be declared defeated, the returning officer shall decide, by lot, which of them is defeated.

21. Any dispute arising out of the conduct of an election shall be referred by the returning officer to the Minister and the decision of the Minister in that regard shall be final and conclusive.

22. (1) On completion of the scrutiny and count of votes, the returning officer shall enclose in one packet all ballot papers that were admitted to the count, in another packet all counterfoils relating to those ballot papers and in a third packet all rejected votes; and, thereupon, seal the several packets and indorse on each of them the date of the election and the description and number of the contents and sign the indorsement.

(2) The returning officer shall hold the sealed packets referred to in subregulation (1) of this regulation in his custody together with all other documents used at, or in connection with, an election, until the election may no longer be questioned when the packets and documents shall be destroyed.

23. The returning officer shall prepare and forward to the Minister a statement showing the result of each election and the name or names of the candidate or candidates elected, and shall cause the result of the election to be notified in the *Government Gazette* and in a daily newspaper circulating in the control area.
