LOT TYPES

T - Traditional

☒ Designated Garage Location

NOTE: Road names within Stage 13 subject area are shown for information purposes only. Road names are awaiting approval from Geographic Names Committee, DLI.

① NOTE: These lots are adjacent to the future Perth-Mandurah Railway Line, which may impact on the amenity of the land in terms of noise and vibration. These lots are required to comply with AS 2107:2000 (acoustics - recommended design sound levels and reverberation times for building interiors). Written certification from a suitably qualified acoustic consultant is to be submitted to Council with the Building Licence Application to ensure the dwelling complies with these standards.

- DETAILED AREA PLAN R-CODE VARIATIONS**
- The District Town Planning Scheme and R-Codes are varied in the following manner:
1. The dwellings (including patios and gazebos) must be located within the building envelopes where shown;
 2. The requirements to consult with adjoining or other land owners to achieve these variations of the R-Codes is not required;
 3. Development shall be designed so that its shadow cast at midday 21 June, onto any adjoining property does not exceed 40% of the adjoining property's site area;
 4. Sheds and outbuildings are to be constructed of similar materials and colours as the dwelling where they are visible from the street or public open space;
 5. Trees identified on the Detailed Area Plans require planning approval prior to removal;
 6. Council has discretion to vary the provisions of the Detailed Area Plans (including setbacks and garage locations) to improve solar penetration;
 7. Compliance with the provisions of the Detailed Area Plan negates the requirement to obtain planning approval for lots less than 350m² in area;
 8. The following requirements shall apply to Traditional Lots:
 - (i) The minimum primary street setback shall be 3.0m with an average ranging between a minimum of 4m and a maximum of 6m;
 - (ii) The minimum garage setback shall be 2.0m from the primary street where vehicles are parked parallel to the street alignment;
 - (iii) A minimum of 45% private open space is applicable;
 - (iv) A minimum Outdoor Living Area of 30m² is applicable. Outdoor Living Areas shall have a minimum dimension of 4.0m and be located to maximise solar penetration from the north.
