### **Why do you want to participate in the LYRiK Scholarships Program? \***

I would like to participate in the LYRiK Scholarship Program to gain support and direction for my future employment. I think I will benefit from participating in an experience having a mentor who has knowledge in the area in which I hope to pursue when I finish school. I am currently planning what I need to do to support my goal of securing a role in the Sports/Health and Fitness area. I believe I will have a better chance of achieving these goals with the support of a mentor. I have been seeking volunteer opportunities to gain more experience in this area as well as supporting my local club with coaching younger players. I would like to attend a TAFE or University course when I finish school, but I am unsure about the best path to take and what I need to get there. Having a mentor will relieve a lot of stress I have about an area of work I hope to be employed in one day as I will have an insight into what they experience as well as how to get to where they are and change it slightly to suit what I am hoping to achieve.

Must be at least 100 words.

### **What education and /or employment goal/s do you hope to achieve in the LYRiK Scholarships Program?**

I have a few goals I would like to achieve in the LYRiK Scholarship Program if I was successful. I would like to have a clearer plan of how and what I need to do to support my employment goal with support from the mentor and gain valuable knowledge from their experience. I have struggled with budgeting and how to overcome the barriers of paid training, I would like to achieve skills in budgeting and finance support to help with courses or training I need to do to better my chances of gaining employment as well as having it as a lifelong skill. I am a visual learner and would like to create a budgeting plan document for the scholarship money and allocate it to further training, with the aim of having this training booked during my mentoring sessions with the support of my mentor. I can be quite shy at times and would like to gain skills in how to approach an employer and ask if/what is needed for employment at their business. With that in mind I would like to clean up my resume and cover letter.

Must be at least 100 words.
