I'm a technology consultant with a passion for small business, community and the great outdoors. I have lived in Kwinana for 32 years. With your vote I will continue shaping our city into a destination that's fresh, exciting, clean and safe all year round.

Since being elected 2 years ago I have brought energy, a new perspective and a loud voice in representing all residents and ratepayers in council decision making. When I didn't understand, I listened, and I learned. When I didn't think something was right, I asked the tough questions and respectfully fought for a better outcome. I have taken my role seriously – never missing a council meeting, never missing a council vote.

WITH YOUR SUPPORT AND YOUR VOTE AT THIS ELECTION, I WILL FIGHT FOR:

Vision and Accountability - Big ideas balanced with common sense, while starting every decision with the question: *how does this benefit the Kwinana ratepayer?*

No Suburb Left Behind - No matter where you live, everyone deserves clean, green and attractive streets, easy access to city services and to feel close to the action with our events and public activations.

Championing Our Community Groups - Empowering our local associations, sporting clubs and changemakers to kick big goals with logistical support, grants and promotion. When we come together and connect, we win!

Nature's Playground - Let's continue the upgrade and expansion of Kwinana's walking, hiking and biking trails while also protecting our unique flora and fauna.

Practical Steps Towards Sustainability - Supporting our residents with new methods of waste management and the shift to sustainable energy, including more public electric vehicle charging points. Always shaping our approach to match local needs.

Community Safety and Wellbeing - Delivering additional CCTV and upgrades to public lighting, trialling new options for rapid reporting, strengthening our engagement with local police and also investing in the longer term with grassroots community and social initiatives.
