## ADAMS, Carol

I have proudly served the Kwinana community for over 24 years, as both councillor and Mayor. I have demonstrated strong, strategic and professional leadership through times of economic growth, social change and local challenges.

By advocating strongly for the social, strategic and economic development of Kwinana, the council I have led has delivered on the key commitments needed to meet our growing and diverse community.

With your support, I will work with council to deliver future projects the community have told us they want, including more CCTV coverage, tree planting program, Kwinana loop trail upgrade, improved community events, "Healthy Kwinana" initiatives, and strong support for local businesses.

I love Kwinana and want to be part of it's strong future. I put **Kwinana First**.
