BROWN, Michael James

I'm a technology consultant with a passion for small business, community and the great outdoors.

I'm incredibly proud to have lived and breathed Kwinana for 30 years. With your vote I will continue shaping our city into a destination that's fresh, exciting, clean and safe all year round.

I would like to see Kwinana positioned as the gateway to the south: inviting nature lovers with expanded hiking and biking trails, more public spaces activated for families and social groups, and an electric vehicle charging network to support locals, travellers and boost nearby businesses like retail and cafes.

At council meetings I'll bring a new perspective, big ideas balanced with common sense and a citizen first approach. You can trust I'll always ask the question: how does this benefit the ratepayer?
