Resident of Bertram  
WA 6167

Dear Resident

**PROPOSED TRAFFIC CALMING INSTALLATION ON MOOMBAKI AVENUE  
BETWEEN PRICE PARKWAY AND WANSTEAD VISTA, BERTRAM WA 6167**

As part of the City of Kwinana's 2019/20 Capital Works Program we are proposing to install traffic calming devices, including 3 speed humps on Moombaki Avenue between Price Parkway and Wanstead Vista.

As a result of traffic issues raised from the community, this section of Moombaki Avenue was assessed by the City to determine if this road warrants traffic calming intervention. At the time of the assessment, traffic surveys indicated that the 85<sup>th</sup> percentile speed of traffic (i.e. the speed at or below which 85 percent of vehicles are recorded to travel past a nominated point) was 58km/h. In addition, up to 50% of vehicles were recorded exceeding the 40km/h school speed zone between 7:30am to 9am and 2:30pm to 4pm weekdays.

The City has developed a traffic management proposal and design, which aims at reducing travel speeds and anti-social behaviour along this road. Similar traffic management schemes have been installed on other roads in the City, and have proven to be effective in reducing traffic speeds.

We are seeking feedback and comments from local residents in regards to the proposed traffic calming project. Please complete the attached questionnaire and return it to the City using the supplied pre-paid envelope or email it to [customer@kwinana.wa.gov.au](mailto:customer@kwinana.wa.gov.au) by the close of business Monday, 26 August 2019. If no response is received, it will be considered as support for the proposal.

Should you have any enquiries regarding the proposal, please contact Gerson Bermudez the City's Senior Engineering Technical Officer - Traffic on 9439 0451 or email [gerson.bermudez@kwinana.wa.gov.au](mailto:gerson.bermudez@kwinana.wa.gov.au).

We would like to thank you in advance for taking the time to review the City's proposal.

Yours sincerely

Reza Najafzadeh
