

PUBLIC NOTICE

CITY OF KWINANA

LOCAL PLANNING SCHEMES NO. 2

NOTICE OF ADOPTION

LOCAL PLANNING POLICY NO. 11: SITE REQUIREMENTS AND STANDARDS FOR DEVELOPMENT WITHIN THE INDUSTRIAL ZONES

Notice is hereby given that the City of Kwinana Council at its meeting of 12 December 2018 resolved to adopt Local Planning Policy No.11: Site Requirements and Standards for Development within the Industrial Zones.

Local Planning Policy No. 11 has been prepared to provide greater clarity and guidance to landowners, developers and the City of Kwinana Officers on the assessment of applications on land zoned for industrial purposes under Local Planning Scheme No. 2.

The key objective of the draft Local Planning Policy is to provide a consistent approach to the development of the industrial zones within the City of Kwinana. The policy will align with modern changes in construction standards and provide an updated set of design criteria to help ensure a high standard of built form and landscaping is achieved throughout the City's industrial zones.

Copies of the local planning policy are available from the City of Kwinana Administration Offices or can be viewed on the City's website adjacent to this public notice.
