The Kwinana Loop Trail is an exciting project developed by the City of Kwinana with funding from Lotterywest. The trail provides a 21km circuit around the perimeter of the city.

Offering a unique opportunity to take in some of Kwinana's best views while experiencing the beauty of the City's natural coastal bushland, the hills and twists of the Loop Trail make for an exciting ride, a peaceful leisurely walk and present the perfect facility for cross country fitness training.

Chalk Hill Lookout is a noteworthy highlight, proudly exhibiting the Kwinana Industrial Strip, Cockburn Sound and the city itself. There are several walk/cycle access trailheads along the trail and car parking is available at Thomas Oval, Sloan's Reserve, Wellard Park, Kwinana Train Station and Sandringham Park.

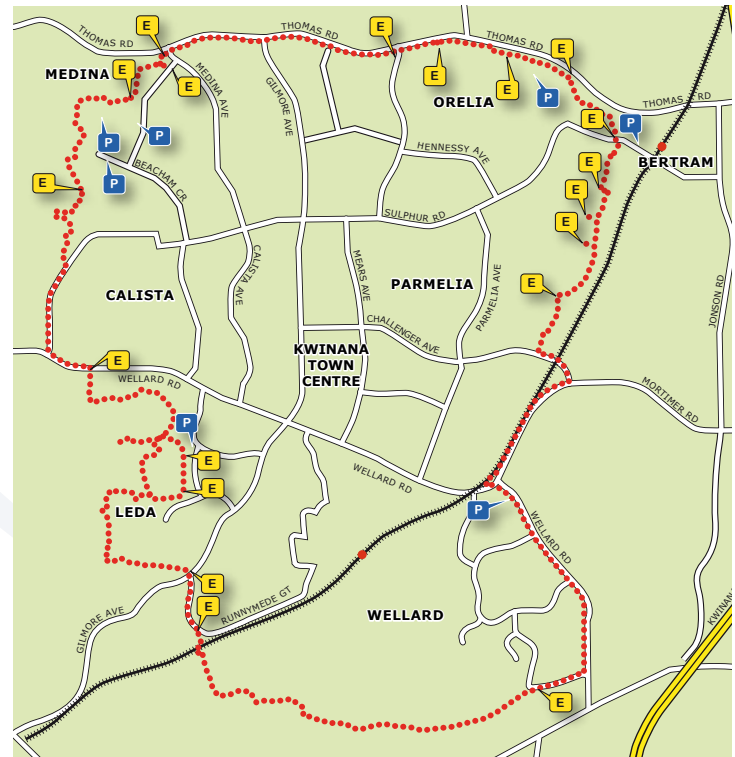

## Walk Safely

Wear sturdy shoes, a hat and sunscreen (or a rain jacket in winter). Be sure to carry enough drinking water, follow markers, keep to the trail and if possible tell someone where you are going and how long you expect to be. Watch carefully for snakes, especially around the wetlands area. Do not smoke along the trail – butts can easily cause bushfires. Weather can change quickly so be aware of shifting conditions.

## Trail Use

- The Kwinana Loop Trail has been designed for both walkers and mountain bikers
- Different stages of the Loop Trail consist of either crushed limestone, concrete or asphalt path surfaces
- The sections of wide firm crushed limestone surface suits most age groups and fitness levels
- Those with fat-tired pushers and bicycles should find the trail quite comfortable
